THE SECRETARY TO THE GOVERNMENT OF MYSORE,

Sir,

*Referring to your docket No. 41111

2751 dated the 23rd September 1898 and Subsequent

reminders, I have the honor to resubmit

herewith the lists of Vacant Sites and

encamp and the Correspondence received

with the above and to state with

reference to para 1 of the Sanitary Engineers'

Docket No. 2348 dated the 12th September 1898

that it is not possible now to explain the

Circumstances under which some of the

Sites ordered by the former President

"not to be built" or "Reserved for a public purpose" were subsequently permitted by himself to be built upon. As regards the sites about the reservation or building of which there was a difference of opinion between the Sanitary Engineer and the President, a careful inspection of every one of them was now made and remarks noted against them. The list containing these remarks is herewith submitted for information.

As regards the last part of the Sanitary Engineer's Docket adverted to above, I beg to add that a list of Vacant Sites for No. VII, ^{1st} Division does not seem to have been prepared as Chamarajendrapete which forms the
major

Major part of the Division, was a new extension and the necessity for prohibiting the building of Vacant Sites did not therefore arise With regard to the remark that a few Vacant Sites in each Division have escaped being noted, it has to be stated that information available in this Office does not show that any such omission has occurred.

I have the honor to be,

Sir,

Your most Obedient Servant,

Minister
for President.
